And now a few words from me:

Chico is my name is playing and snuggling are the things I do best. I'm currently being fostered with lots of other dogs of all ages and sizes; I love to chase and be chased! I like having fun of all kinds, with both dogs and humans. Oh, and I'm a great sidekick when it comes to watching a movie or going for a car ride too. I just love being a part of a family. I do need a firm human who will give me routine and structure, but who will also make time for us to play! What else would you like to know about me? I like to slept in my crate at night, you'll need to secure your garbage unless you want me to get into mischief (foster mom jokes that I'm part racoon), and it's best not to leave any yummy stuff on the kitchen table. Don't say I didn't warn you! That mischievous part must come from my Chihuahua genes! Want to meet?

And now a few words from my foster family:

Chico is a great little dog who is full of beans! He loves to play with dogs and adores his humans too. He needs a home with a leader, routine and structure, but where there is also fun to be had. He will also benefit from some leash training as a refresher. He can be a bit mischievous, which he will tell you comes from the Chihuahua side of his mix. He will be a great addition to an active family with older teenagers, as he's not accustomed to being around young children and has only known adults in his lifetime.

Mandatory meet in greet with all humans and any existing fur kids in Clayton, Ontario.
