And now a few words from me:

Well, hello. My name is Harvey, which suits an older fellow like me. I may be in my senior years, but don't let my age fool you because I still love to go for walks. Folks say that I'm a sweet, curious, affectionate fellow. I like to explore and I enjoy being brushed, but mostly I like taking a nice, long, restful nap... that feels great. Even though I may be resting, I try to keep an eye out for my foster parents, just so that I know what they're up to. I enjoy my people, but I'm not good with kids, cats or other dogs... what can I say? I'm more of a people pup who is very loyal and protective of my humans. Maybe you'd enjoy my company. Can we meet?

And now a few words from my foster family:

Harvey is a sweet boy, who is super cuddly, calm and affectionate! However, he sometimes gets sudden bursts of energy and loves to play tug of war or to be chased! He's surprisingly energetic for his age. He travels well and loves to go on walks. He asks for the door when he wants to go out and he's good with staying home by himself if need be. Having said that, he loves his humans and always wants to be close to them! We've been working on his reactivity toward other dogs and humans since we got him as he gets hyper aroused very easily. It's a work in progress! Harvey is a sweet fellow with lots of love and playfulness to share with his new family.

Medical note: Harvey has had a dental since coming into foster care, which is helping to make him more comfortable. He also had an eye ulcer and although it is healing, he needs to be administered a set of drops twice a day.
