**And now a few words from me:**

Hello, my name is Jessie. I'm an older gal with what my foster mom describes as "medium energy". I like to go for walks, and I'm good on a leash because I don't walk too quickly. My favourite pastime is eating, and I'm eternally hopeful that you'll share your food with me. I really like to stay close to my foster mom... I'm a bit of shadow, but curiously not much of a cuddler. So if it's ok with you, I want to be close but not on your lap. My mom tells me what a good girl I am all day long. If you're home most of the time and are looking for a companion with lots of love to give, I'm your girl!

**And now a few words from my foster family:**

Jessie is the perfect senior girl. She likes to be my shadow, and when I am sitting she is always at my feet, keeping an eye on me. She loves food and tries to use her beautiful eyes to convince us to share with her. In fact, the only time she barks is when she's asking for food, so it will be important not to indulge her. She also loves to be petted, and her tail never stops wagging; she's such a lovely girl. She does well in the car but will whine a little bit when in the back seat. She loves to go for walks and gets very excited when she sees her harness and leash. Also, she is houstrained when prompted to go outside. Her ideal home is one where people are home most of the time. Jessie just wants to be loved and will be a lovely companion for her new family.
