And now a few words from me:

My name is Lennon and I'm a sweet and cuddly girl. I've lived with other dogs all my life. In foster care I'm also living with a huge pack of dogs... big ones, young ones, old ones, slow ones and yes, those annoying young, energetic ones too! Apparently, my weigh is an issue – how embarrassing! I'm currently on a weight-loss journey and will need to continue it in my new home. I love to explore outside and have a tendency to sniff every blade of grass, trees or whatever is around. But my favorite spot is the couch snuggling with a human, so I'm what you might call a "couch potato"! I've had my teeth cleaned while in foster care, so they are now nice and pearly white. Do I sound like the girl for you? If so, let's meet!

And now a few words from my foster family:

Lennon is a lovely, snuggly girl who will be a wonderful addition to any family. She needs to continue with her weight loss journey. Her treats are veggies only - no other treats are permitted. This girl is great in the car and good with most dogs that are not in her face all the time. She is mostly house trained, although how she behaves in the rain or snow is unknown! She has a loud bark and would benefit the most by having a backyard and walks! Lennon is a master cuddler and loves to be with her humans watching a good movie. She sleeps well in her crate at night and loves morning cuddles in the human bed. She is a happy, healthy young sweetie that would be a dream to have in any home. If you would think yours could be the home for her, there is a MANDATORY MEET AND GREET IN CLAYTON, ONT.
