Housetraining:	Yes		
Crate Trained:	Yes; they sleep together in one crate		
Suitable for an Apt.	Yes		
Origin:	Owner surrender	Adoption Fee:	\$900

And now a few words from me:

Hey! Hi! Hello! It's us... the cutest little weenie sisters ever! We have LOVED getting to meet new dog friends and people since coming into foster care, and we especially love playing with our foster sister. She has had us practicing our 'sit' and 'stay' commands, and can walk us both like a pro. We can be a little dramatic when you first meet us, mainly because we are just so excited to make friends. We both love to cuddle and can often be found curled up on top of each other under blankets or in our bed. We're housetrained, crate trained and travel well in the car! We also go to doggie daycare and are having a ball! If you're looking for more joy in your life, we should meet!

And now a few words from my foster family:

Mocha and Malia are full of fun and love, and will be a fabulous addition to their forever home! They are a true bonded pair and do pretty much everything together. These girls are house broken and crate trained, and have good consistency in their basic commands. Although Malia and Mocha are great with kids, they would do especially well with folks who are home throughout the day or who can take them to work or on adventures, as they are accustomed to having someone with them most of the time (slight separation anxiety).

Medical note: Mocha and Malia both need dentals; if not done before adoption, the cost will be covered by CDRO (CDRO-approved vet preferred).

Mandatory meet and greet in Carleton Place, Ontario.
