Suitable for an Apt.:	Will not be entertained due to barking and small confines of apartment and condo living.				
Origin:	Owner surrender	Adoption Fee:	\$450		

**And now a few words from me:**

Sansa the name and playing is my game! I am in total love with my human who gives me the structure and confidence that I need. Foster mom also ensures that I don't drive some of the other dogs crazy when I know its time to play. I will jump on top of my fellow dog mates and get them all going to have fun and a bit of a party. I am housetrained – shocking right, but I am not a fan of the rain. I am starting to get the hang of going for car rides – this was new to me. I love to cuddle beside my foster mom when it's quiet time. Though I can be a little possessive of toys when my dog mates are around, so I only get them when by myself. I'd love a forever home that is active, definitely would love a fenced yard and or active family. I am good once a get some good exercise and then I can be a couch potato with you till next walk.

**And now a few words from my foster family:**

Sansa has been a very fun dog to have. She is curious and eager to learn, loves to be outside and then come and snuggle. She sleeps well in a crate at night till its time to get up in the morning. Sansa would do well with a good match adopter with a dog that is a good match as well. Sansa loves to play – have to say she is in it to win it during play time and can be relentless – so the matched dog must be able to assist with telling her enough is enough at times. An active family with older teenage aged humans in the house would be good – or parents that are active and take Sansa with them. She would not like to be left alone for hours and hours, so if humans worked from home or hybrid work schedule would be great. Sansa has had a lump removed from her back as she has thinning hair – likely genetic – the lump was benign. Ideally wears a sun shirt when outside for long periods of time in order to prevent sunburn.

**Currently being fostered in Grafton Ontario and there is a mandatory meet and greet at the fosters home.**
